How can i set goals for my future?

It is important for you to learn how set your own future goals, because it will make you responsible of your own behaviours and learning, you will develop a positive can do attitude as well as a powerful lifelong habit. You can get help from your parents, teachers, friends and from your role models to effectively follow these steps and achieve your goals.

1. Define your Big goal and have a genuine desire and means to achieve them to reach the climax of your success. Do not allow anyone to choose your goal. Ask yourself, what is it that you wish to achieve? What are the challenges you would feel proud to overcome and what would you do if you knew you couldn't fail? Make sure that your goal is something specific that you can easily measure and recognize your progress toward it.
2. Knowing the purpose of your Big Goal. This is because you will become highly motivated to achieve it if you know its purpose just like how you perform best in school when you know why you should study that subject and topic and what you want to achieve.
3. Break the big goal into smaller steps. Your goal should neither be too difficult nor too easy to achieve in this way you can break it into steps by creating a goal ladder where you list down steps to use to achieve your big goal.
4. Thinking about challenges that might come your way on the road to achieve your goals. This can help you not to be disappointed when they happen

in between the process and hence be able to overcome them. Make sure you visualize achieving your goal and understanding what challenges you will face and then plan methods to overcome them earlier.

Lastly, you must wish for what you want to achieve, visualize outcome, picture obstacles and planning is also very important. Make sure that you are confident and courageous by believing that your goals will surely happen when the right time comes and whenever you face obstacles take them as an opportunity to move forward towards your big dream. Believe that you can be anything you dream of becoming. You can become a great leader in any position, a pilot, an engineer, a lawyer, a teacher, and anything she dreams of, a girlchild's power should never be underestimated.

SDG SUSTAINABLE DEVELOPMENT GOALS

SDG 13: CLIMATE ACTION

One of the 17 Goals that the World Leaders want to achieve by 2030 is Climate Action which calls for urgent actions to combat climate change and its impact to the world and to the children.

More than 80% of the deaths and injuries occurring due to Climate change with its Factors like Global warming, Floods, Droughts, Tsunami happens to children. This shows the vulnerability of children to the effects of climate change which calls for immediate actions to cope with it.

Each one of us has a role to play to ensure that climate actions are taken to save the world.

What can you do today to help contribute toward SDG 13?

1. Cleaning your surrounding environment every day including when you are at school, at home and everywhere else with your friends.
2. Planting trees in school open areas and in class gardens.
3. Joining environmental clubs like roots and shoots to learn more on how to preserve the environment.
4. Speaking out through children programs to ask the government and responsible people to take climate action to save children.
5. Using renewable products to avoid environmental pollution.

6. Educating our parents to use renewable source of energy in cooking rather than using and burning woods that pollutes the air and once a tree is cut another one should be planted.
7. Organize a dialogue in school to speak about climate action and what can children do to fight climate change.
8. Speaking out through National and International Conferences to represent other children views on climate Action to the world.

Major Areas to Invest on Children

1. Saving lives of children

More than 445 children under 5 years die every day and over 140 are less than one month old. Investing in affordable solutions will save thousands of children lives. Lives can be saved through having better health system that is accessible by children with more staff, facilities, better monitoring and supervision and greater accountability. All health-related policies, laws, guidelines, and frameworks need to put children first. Lives of children should be saved at all costs. Children should also not be subjected to harm to save their lives.

2. Invest in good nutrition

More than a third of Tanzanian children do not reach their physical and mental potential because of malnutrition. Malnutrition is a cause in more than one third of child deaths in Tanzania. Therefore, it is important to ensure that children eat balanced diet from when they are young until when they grow up that include vitamin, protein, carbohydrate, and other groups.

3. Invest in better hygiene and sanitation in schools and in health facilities

Many schools have more than 50 pupils but have fewer toilets and have no proper water supply. Improving hygiene and sanitation in schools will reduce illness, improve attendance, and help to ensure more children, especially girls, complete their education well. Water supplies and toilets in health facilities are vital for reducing infections and saving lives.

4. Invest in early childhood development

This will give children the best start in life as they will grow up healthy, well-nourished, and well-prepared for school. Early childhood development should be included in the teacher education curriculum to emphasize its value to children.

5. Invest in quality education for all children

It is important that all children get access to quality education in school that can help them become better persons in the future who can work in different fields with accountability to bring development.

6. Invest to make schools safe

Schools must be safe havens for children. Too many children experience fear, humiliation and beatings that undermine their ability to learn and hence cause many children to drop-out of school. Integrating and expanding sports in schools can help reduce violence to them and hence improve discipline, student-teacher relations, and school attendance. Passing and enforcing laws against school violence can ensure those responsible for keeping children safe do their duty effectively. Students councils can stand as a greater tool to make the school life safe for children.

7. Invest to protect adolescent girls and boys from HIV/AIDS

This can be done through imparting young people with Reproductive Health Education that can help them to stay safe from HIV/AIDS. This can be done through establishing youth-friendly health services and effective life-skills programmes that will inform and empower girls and boys to reduce their vulnerability to HIV and AIDS.

8. Invest to reduce teenage pregnancy

This can be done through educating girls to abstain from unprotected sexual intercourse through increasing their knowledge of reproductive health issues and high-risk behaviour. Ensure boys are also involved in programmes that aim to reduce teenage pregnancy

9. Invest to protect children from violence, abuse and exploitation

Children should be protected from violence in all levels and should not be subjected to torture by anyone. Anyone who abuse children should be punished according to the law.

10. Invest in children with disability

Children with disability should be treated equally with the ones who are not disabled. They should be in an environmentally friendly environment in schools and everywhere. They should not be underestimated and should access opportunities available.

TABIA YA ZAWADI

Zawadi ni mtoto wa pekee katika familia yao aliyekuwa akipendwa na kudekezwa sana na wazazi wake kwani alizaliwa baada ya wazazi hao kusubiri kwa muda mrefu sana bila kupata mtoto. Zawadi alikuwa ni mtoto asiyegombeswa wala kuulizwa jambo lolote kwa ukali na wazazi wake ili tu asije akakasirika. Zawadi alikuwa ni mtoto mkaidi na mwenye jeuri sana asiyejua mipaka yake wala asiyewaheshimu wakubwa. Alikuwa ni mtoto mwenye kuwapiga wenzake shuleni na kuwatukana na pindi mwalimu akimchapa tu mzazi wa Zawadi huamua kumuamisha shule mtoto wao na kuona kama anaonewa.

Wakati wote Zawadi aliendekeza lugha chafu na ugomvi na tabia zisisojenga tabia njema kwake. Hakujuua jinsi gani ya kuzungumza na wakubwa kwa heshima hata wazazi wake bali aliongea nao kama Watoto. Zawadi alipenda kuingilia mazungumzo ya wakubwa na wala wazazi wake hawakumuonya walimfurahia kwa tabia hio ili tu asihuzunike. Zawadi hakuwa na Rafiki yoyote kwani alijiona yupo juu kuliko wengine wote na aliwadharau wengine na kuwaona ni maskini na hawana hadhi ya kuwa marafiki zake.

Zawadi hakupenda shule kwani alichukia walimu waliokua wakimuonya kila siku kwani hawakuacha kufanya hivyo katika kila shule ya msingi aliyoamishwa. Hivyo akaamua kuacha shule kabisa na kuanza kuvuta bangi kwa siri na kucheza kamari wala hakuwaza juu ya Maisha yake ya baadae. Siku moja Zawadi aliaga kwenda shule lakini kumbe alienda kuiba kwenye nyumba moja na alifanikiwa kuiba vito vya thamani na kutoroka navyo ili apate pesa za kucheza kamari lakini alipokuwa akitoka tu lahaula! alikamatwa. Alipokamatwa alipelekwa nyumbani kwao wazazi walimuomba masamaha akasamehewa lakini cha ajabu wazazi wake wala hawakutilia maanani suala lile kumuonya mtoto wao aache. Tabia ya wizi ya Zawadi ikashamiri alianza kuiba nyumbani kwao na mitaani kwa wingi bila woga. Hapo ndipo wazazi wake waliposhtuka. Lakini walikuwa tayari wamekwisha chelewa. Zawadi aliiba kwenye nyumba moja siku hiyo na wale watu walipomkamata walijichulia sheria mkononi wakampiga sana mtoto Zawadi. Maskini, aliumia sana na kuvunjika mguu na mkono. Mungu si athumani, alitokea polisi na kumuokoa mtoto yule mbali na mauti. Wakati wote Zawadi akipatiwa matibabu alianza kujutia makosa yake akisema ama kweli za mwizi ni arobaini.

Wazazi wa Zawadi walipokua hospitalini hapo walifatwa na bibi kizee kikongwe aliyewaambia mbona mmeibadili zawadi kuwa mkosi kwani hamjui kuwa mtoto umleavyo ndivyo akuavyo na samaki

mkunje angali mbichi kwani akikauka hakunjiki. Aliwahasa juu ya malezi bora ya mtoto wao ili asiyarudie ya zamani. Mungu si Athumani, Zawadi alipona akasamehewa. Wazazi wake wakaanza kumlea katika misingi ya malezi sahihi wakishirikiana na walimu na jamii.

Zawadi alibadilika akaacha ukale wake na kuwa mtoto mwema. Alifaulu sana shuleni na alipata marafiki wazuri na pia alianza kuwaonya watoto wenzake wenye tabia mbaya waache. Zawadi alibadilika na kuwa mwenye furaha mda wote kwani alipendwa kila alipokwenda na alifanikiwa kufaulu kujiunga na sekondari. Wazazi wake walifurahia sana kupata sifa njema kwa sababu ya mtoto wao Zawadi.

Je umejifunza nini kutokana na hadithi hii?

MZAHA ZAHA HUTUMBUA USAHA

Katika Kijiji cha Matola palikuwepo na mtoto mmoja aliyeitwa Joti, mtoto huyu alikuwa mwenye kupenda mizaha na utani mwingi sana. Mara nyingi akitoka shule huwa na jukumu la kwenda msituni kuchunga mbuzi wao. Basi bwana, kila siku mtoto huyu alikuwa na tabia hii, alipowarudisha mbuzi nyumbani alikuwa akipiga makelele; Simbaa, simbaa...Wanakijiji walikuwa wakija kwa kasi na mapanga wakidhani ni simba kweli kumbe ni uongo. Siku nyingine husingizia chui mara nyoka na siku nyingine Wanyama wengine hatari lakini kila wanakijiji wakienda walikuta ni uongo. Basi, wakachoshwa na tabia ya mtoto yule kwani kila anachozungumza kilijawa na utani na uongo.

Siku moja alipokwenda kuchunga akasikia sauti yenye mngurumo kama radi. Mtoto alishtuka sana akatazama nyuma

na kumuona simba akikaribia alipo na mifugo. Mtoto alianza kupiga makasia kuelekea nyumbani huku akipiga moyo konde atakapoita wanakijiji watakuja kumuokoa alipokaribia kijijini akaanza kulia; "Jamani mniokoe simbaa, simbaaa jamani". Hakuna aliyetaka kumsikiliza kwani walijua ni uongo na siku zote huwa ni mwenye kudanganya. Joti alfanikiwa kuingia kwenye nyumba moja akilia kuwa ni simba kweli ndipo filimbi ikapulizwa na wanakijiji wakatoka na mapanga kumuua simba huyo na walifanikiwa, lakini mbuzi wote waliuliwa hakusalia hata mmoja. Wazazi walipata hasara hio kwa sababu ya utani wake. Baada ya siku hio alionywa na kuahidi kutorudia na katu hakurudia tena. Watoto hawatakiwa kuendekeza utani usio na faida.

NEIGHBOR'S CALL HELP STOP CHILD MARRIAGE

It was such a cool afternoon, and the Child Helpline was busy at work. Suddenly one of the counselors received a call from a woman who sounded a bit upset and burdened. So, the Child helpline counselor had to inquire more from the caller to know what went wrong. The woman kept quiet for a bit to collect her thoughts, and the counselor allowed it for he needed all the information that was carried by the woman.

After so much thoughts she finally said something, and with heaviness she introduced herself as a next-door neighbor of a married couple. Do you know what she said? She said the couple is not an ordinary couple, it involves a twelve years old girl and an old man that fit to be her grandfather, 'this disgust` me and it's unacceptable.' This poor girl is smart, she passed excellently enough to allow her to proceed to secondary school, but her parents thought that it's a waste to educate a girl child and their best decision was to marry her off.

'What a shame to her parents for such choice, they denied their daughter the right to proceed with her education simply because she is a girl, their ignorance to gender equality to all children denied them the eye to see what the future upholds for their daughter. They neglected her dreams, desires, and aspiration but rather they focused on getting bride price and saw their daughter a s burden and decided to sell her off. Shame upon these parents.' She ended.

Well, immediately after speaking to the caller the Child Helpline counselor contacted the Social Welfare Officer of the area where the girl was situated to substantiate the claims raised by the neighbor. The claims were verified by the Social Welfare Officer that indeed the claims were factual and valid hence they needed to act fast to save the girl from her misery.

The Social Welfare Officer contacted the police through the Gender Desk, and they arrested the husband of the said girl. And guess what, a few days later we received a call from the Social Welfare Officer that the girl is finally studying for she was enrolled at school and she is currently under foster care where she will be staying for a while as she continues with her education.

Early marriage is the kind of marriage in which one or both partners are under eighteen years of age. This denies children the right to quality education that is the SDG Goal number Four and the opportunity to reach their dreams.

On average, 2 out of 5 girls will be married before they reach 18 years in Tanzania, (TDHS 2012). Girls have the right to choose when and who to marry and shouldn't be forced into child marriages. Don't stay silent when you learn that a child in your neighborhood/ community is being forced into marriage.

SIMU YA JIRANI YAZUIA NDOA ZA UTOTONI

Ulikuwa ni mchana tulivu, na Huduma ya Simu kwa mtoto ilikuwa ikiendelea na kazi. Ghafla mmoja wa washauri akapokea simu kutoka kwa mwanamke aliyezungumza kama mwenye makasiriko na aliyelemewa. Hivyo, ilimbidi mshauri wa Huduma ya Simu kwa mtoto kuuliza Zaidi kutoka kwa mpigaji simu kujua ninini kinachomtatiza. Yule mwanamke akakaa kimya kwa muda kukusanya mawazo yake, na mshauri aliruhusu hilo kwani alihitaji kupata taarifa zote alizokuwa nazo mwanamke yule.

Baada ya kuwaza kwa muda mrefu, mwishowe alisema kitu, na kwa uzito alijitambulisha kama jirani wa karibu wa wanandoa. Je unajua alisema nini? Alisema wanandoa hao sio wanandoa wa kawaida, kwani ndoa hio inahusisha msichana wa miaka kumi na mbili na mzee ambaye anafaa kuwa babu yake, 'hili linanichukiza!' na halikubaliki! Maskini msichana huyu ni mwerevu na alifaulu sana kumruhusu kuendelea na shule ya sekondari, lakini wazazi wake walidhani kuwa ni upuuzi kumsomesha mtoto wa kike na uamuzi wao sahihi ni kumuozuza.

'Ni aibu kubwa kwa wazazi hawa kwa chaguo hilo, wamemnyima mtoto wao haki ya kuendelea na masomo kwa sababu tu yeye ni msichana, ujinga wao juu ya usawa wa kijinsia uliwanyima jicho la kutazama mazuri yatakayomtokea binti yao katika siku za usoni. Walipuuza ndoto na matamanio yake lakini walizingatia kupata mahari na walimuona binti yao ni mzigo na wakaamua kumuuzuza! Aibu kubwa kwa wazazi hawa.' Alimaliza.

Naam baada tu ya kuzungumza na simu hio, mshauri wa Huduma ya Simu kwa mtoto aliwasiliana na Afisa Ustawi wa jamii wa eneo ambalo msichana huyo alikuwepo ili kuthibitisha madai yaliyotolewa na jirani. Madai hayo yalithibitishwa na Afisa Ustawi wa jamii kuwa ni ya kweli hivyo walihitaji kuchukua hatua haraka kumwokoa msichana huyo kutoka kwenye janga hili.

Afisa Ustawi wa jamii aliwasiliana na polisi kupitia Dawati la Jinsia, na wakafanikiwa kumkamata mume wa msichana huyo. Na ujue nini, hatimaye siku chache baadaye tulipokea simu kutoka kwa Afisa Ustawi wa Jamii kwamba msichana huyo aliandikishwa shuleni na kwa sasa yupo chini ya ofisi ya malezi huku akiendelea na masomo yake.

Ndoa ya utotoni ni ile ambayo mmoja au wenzi wote wako chini ya umri wa miaka 18. Hii inawanyima Watoto haki ya kupata elimu bora ambayo ni lengo la nne la malengo ya maendeleo endelevu Pamoja na fursa ya kufikia ndoto zao.

Kwa wastani, wasichana 2 kati ya 5 wanaolewa kabla ya kifikia miaka 18 nchini Tanzania, (TDHS 2012). Wasichana wana haki ya kuchagua wakati na ni nani wa kuwaoa na hawapaswi kulazimishwa kuingia kwenye ndoa za utotoni kamwe. Usikae kimya unapogundua kuwa mtoto katika mtaa na jamii yako analazimishwa kuolewa.

SEMA WAZAZI

Hili ni swala la muhimu sana hasa ukizingatia kuwa Watoto wanatumia muda mwingi wakiwa shuleni pindi tu wanapoondoka nyumbani. Wapo Watoto wanaosomeshwa shule za bweni ambapo hukaa hukohuko shuleni hadi wakati wa likizo ndio hurudi nyumbani. Wapo Watoto pia ambao wanasomeshwa shule za kwenda na kurudi nyumbani kila siku. Hii inaashiria Dhahiri kuwa muda mwingi wa Watoto huutumia wakiwa shuleni Zaidi kuliko nyumbani. Wazazi wengi wametumia kigezo hiki kujisahau kabisa katika jukumu lao kubwa la ulezi na urafiki kwa Watoto wao na kuwaachia walimu huko shuleni.

Wazazi wengi wamekuwa hawana muda wa kuzungumza na watoto wao kujua nini wanayoyapitia hata wakati wa likizo. Wameacha jukumu la Watoto kwa wadada wa kazi nyumbani. Mzazi yakupasa ufahamu upo umuhimu mkubwa kwa wewe kuzungumza na mtoto wako angalau kwa siku za wikiendi na likizo na muda wote uwapo nae ili uwe msaada na Rafiki kwake wakati wote. Watoto wanapitia mengi sana wawapo shuleni; msongo wa mawazo, masomo, uonevu, marafiki na mengine mengi, wengine huishia hadi kujua wasipopata msaada. Lakini mzazi unalo jukumu kubwa la kufanya kwa mtoto wako;

1. Mfundishe mwanao kuwa na marafiki sahihi awapo shuleni na mahali popote. Marafiki zake wawe ni wenye nidhamu, heshima, upendo, kupenda masomo, kusali, na wenye tabia zinazokubalika na jamii ili waaambukizane tabia nje. Asikubali kuambatana na Watoto wenye tabia hatarishi kama wavuta bangi, wanaotoroka shule walevi, walawiti na kadhalika. Ni lazima umueleze mtoto wako kuwa marafiki zake wanao uwezo wa kumtambulisha yeye na wana uwezo wa kuibadili tabia yake kwa kiwango

NIZUNGUMZE NINI NA MWANANGU WAKATI HUU AKIREJEJA SHULENI BAADA YA LIKIZO.

kikubwa hivyo yampasa mtoto awe makini achaguapo marafiki.

2. Mfundishe mtoto wako kuulinda mwili wake na asiruhusu mtu yoyote kumgusa maungo yake wala kumpiga picha akiwa uchi.
